

**LEGEND**

**NEC** — National Electrical Code

**NOTES:**

1. Right-hand base unit with electric control enclosure shown. Left hand is available.
2. Unit hand determines the location of the control enclosure and damper shaft and is determined by looking into the unit inlet in the installed position.
3. Dimensions are given in inches.
4. Units with electric heat coils automatically get the attenuator option. The overall length is 39½ inches.
5. Check NEC (National Electrical Code) for unit clearance requirements.

35E UNIT SIZE	MAXIMUM CFM	W	H	A	B	C	D
04	230	12	8	5 3/8	5 1/2	2	3 7/8
