

Select Line Condenser Coil

For PrimeLine Units

When our premium coil may be more than you need – you now have a *quality* alternative.

Value-Priced

- Ensures that all of your refrigeration units are running at peak efficiency – no matter their age
- Offers high performance with unique durability specifications
- Select Line parts maintain the performance of your older equipment while reducing repair and maintenance costs

Factory-Backed

- Designed and built by Carrier Transicold to OEM specifications so don't trust inferior, non-OEM imitations
- Select Line parts carry a limited warranty through our global parts network, so leave the risk of locally warrantied, reconditioned components behind

For a Solid Bottom Line.
