# Marché Fresh

Modern styling with  
all the space you need

Innovative design

High product visibility

Flexible merchandising

# Flexible counter variety

## Appealing presentation for successful impulse sales

Carrier Commercial Refrigeration continuously develops new concepts to meet food retailers' changing needs and to offer a wide range of innovative refrigeration. Marché Fresh cabinets offer new and simple lines that are easily integrated into the architecture of modern stores. Our design complements the display of the merchandise and draws consumers to the products. We believe that visibility is a significant design factor, since the merchandise should be easily noticed from any direction in the store. This means that all cabinet components have to be reduced to a minimum. Flexibility is also an indispensable element of cabinet appearance.

The size and the appearance of the cabinets need to comply with any store format from small shops through supermarkets, and hypermarkets. In order to meet high quality standards in hygiene the Marché Fresh product line offers effortless maintenance, and easy serviceability with clear access to all critical components. The counters are also equipped with various extra elements and qualities, such as an evaporator protection plate, a new integrated night curtain, 1 to 3 display decks, perforated decks, secured temperature performance, stainless steel appearance, which not only enhances the look of the merchandise, but also enables effective operation.

### Product benefits

- Excellent product visibility
- Loading flexibility
- Exclusive stainless steel design
- Hygienic and easy to clean
- Extra shelf for more volume
- Merchandising accessories
- Suitable for all pre-packed food applications
- Different modular lengths available

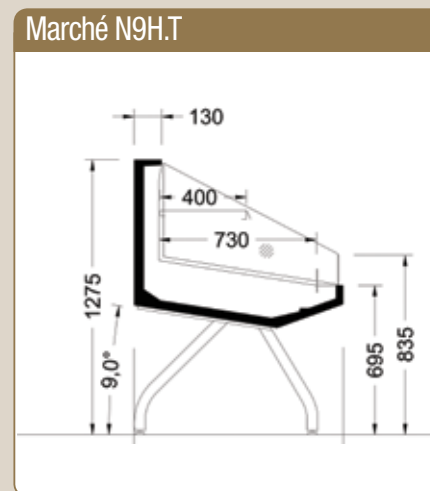

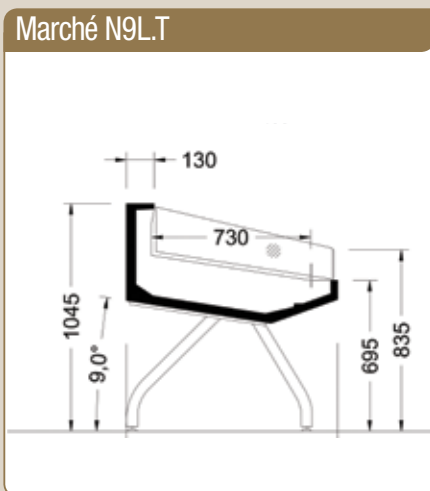

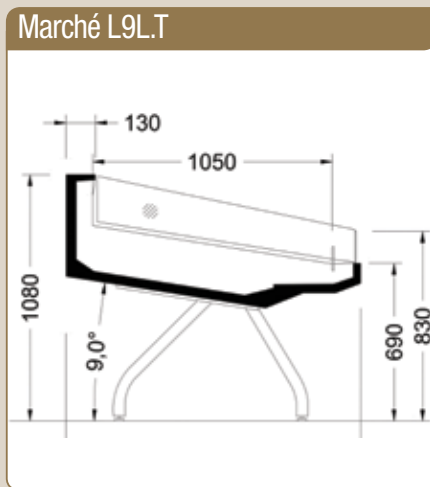

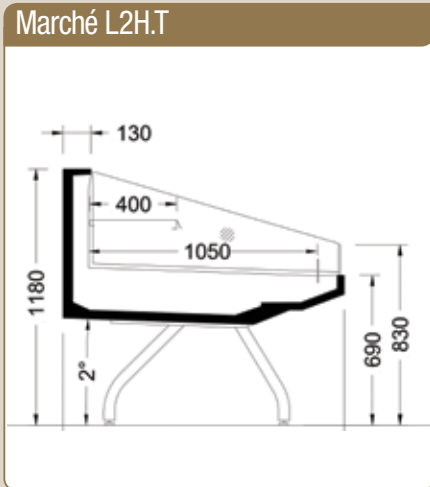

Mass merchandising, with maximum volume & loading flexibility, enhanced by the additional glass shelf

Slim angled superstructure accentuates the merchandise

# Product overview

## Product features

- Fan assisted air circulation.
- Display deck heights
- Stainless steel construction

## Fitted with

- Evaporator R404A
- Energy saving fans
- Boston bumper
- Electronic expansion valve
- Danfoss AKC550 controller
- Lon card
- Digital thermometer
- Night blind

## Options

- Glass shelves

## High quality standard and hygiene

- Easy to clean
- Easy access to all critical components

## Stainless steel « stair »

- 1 to 3 display decks

## Available modules:

■ Marché Fresh L9L  
Deep, low back, 9° angled

■ Marché Fresh L2H  
Deep, high back, 2° angled

■ Marché Fresh N9L  
Narrow, low back, 9° angled

■ Marché Fresh N9H  
Narrow, high back, 9° angled

Depth	Inclination	Back	Module				Feet
			125	188	250	375	
L (1050 depth)	2°	H (high back)		X	X	X	T (tubulare)
L (1050 depth)	9°	L (Low back)	X		X	X	T (tubulare)
N (730 depth)	9°	L (Low back)			X		T (tubulare)
N (730 depth)	9°	H (high back)			X	X	T (tubulare)

\* These temperature ranges are shown in general for the refrigerated cabinets.  
Please refer to the technical manual to match the right temperature range to the different versions.
