PERFORMANCE
PARTS

Select Line™ Filter Drier

The Global Quality Alternative to Reconditioned Parts.

Value-Priced

Designed to meet your application needs, Select Line™ parts maintain the performance of your older equipment, while reducing repair and maintenance costs.

Factory-Backed

Select Line parts carry a limited warranty through our global parts network, so leave the risk of locally warrantied, reconditioned components behind.

Standard Options

Select Line parts are built with your requirements for quality and value in mind.

For a Solid Bottom Line.

Part Number	Pack Qty
14-50063-00	25

Features

- Standard paint coating system.
- Superior solid core element instead of the granular desiccant that most “off the shelf” aftermarket driers use.
- Low cost option.
- Filter of 25 microns.
- Parts warranty through our Global Network.
